## Key Features

### Online Access via a FedLine Solution

FedLine Advantage and FedLine Command are designed to be flexible enough to meet a wide range of business needs. FedLine Advantage extends the use of web technology to provide access to payments services. It also includes access to all Federal Reserve Financial Services available via the FedLine Web® Solution. FedLine Command is an unattended solution that leverages contemporary technology designed to deliver secure and reliable services.

In addition, this solution offers you access to more robust valuable services including:

- FedPayments® Manager Import/Export
- FedACH Risk® Origination Monitoring Service
- FedPayments Reporter Service
- FedTransaction Analyzer® tool
- Intraday accounting search
- Various accounting à la carte offerings

You can customize FedLine Advantage and FedLine Command based on:

- Number of users in your organization
- Transaction volume
- Desired access speeds
- Networking preferences
- Structure of your operations

## Access to Critical Payment Services

### FedACH Services

The FedACH Services product suite provides efficient, low-cost, batched payment services to help optimize automated clearing house (ACH) services. The Federal Reserve Banks provide highly reliable, high-quality and cost-effective ACH services to financial institutions across the country.

### Fedwire Funds Service

The Fedwire Funds Service is the Federal Reserve Banks' real-time gross settlement system. The service provides the ability to make payments (including high-dollar payments) quickly, with immediate finality.

### Check 21-Enabled Services

The Federal Reserve Banks are the nation's largest processor of interbank check payments. Our full suite of Check 21-Enabled products provide the benefits of end-to-end electronic processing and has dramatically improved the efficiency of the payment system.

The FedForward, FedReturn and FedReceipt product suites leverage our nationwide clearing network to offer fast clearing at attractive deadlines.

## The Federal Reserve Financial Services Advantage

The FedComplete Packages are uniquely positioned to offer financial institutions a one-stop-shop solution to working directly with the Federal Reserve Banks. The FedComplete Packages offer access, in one simple bundle, to critical payment services through a network designed to be reliable and secure. Our commitment to service and creative solutions helps the Federal Reserve Banks continue to develop innovative options to meet your changing needs.
