

THE **FEDERAL RESERVE**

FedLine® Solutions

FedLine Direct® Message Connectivity Test or Repoint Request

*Required Fields

Section 1: Service Description and Form Instructions

This form should be used to request a FedLine Direct® Message connectivity test or an alternate site processing repoint. The information requested in this form may be obtained in the FedLine Direct Implementation Plan that was provided to your organization when the FedLine Direct connection was established.

Connectivity Tests

- Depository Institution Testing (DIT) environment test requests **must be submitted 10 business days prior to the requested test date**. Please refer to [DIT Environment information](#) located on FRBservices.org.
- Production environment test requests **must be submitted 15 business days prior to the requested test date**. Please refer to [Fedwire® Services Production Environment Test information](#) located on FRBservices.org.

Alternate Site Processing Repoint Requests

- Alternate production sites must be established and tested with the Federal Reserve Banks **prior to submitting this request**.
- This form **must be submitted 15 business days prior to the date that the repoint will occur**. Please refer to [Fedwire Services Production Environment Test information](#) located on FRBservices.org. Contact the Support Center to discuss available Saturday dates and times.
- This form accommodates alternate site processing in the **production** environment only. To process Fedwire funds messages from an alternate site in the DIT environment, complete and submit the [Fedwire® Application Test Request Form](#) located on FRBservices.org.

For assistance in completing this form, please contact the Support Center at

833-FRS-SVCS (377-7827). Email the completed form to ccc.ci.support@kc.frb.org.
