Section 4: Authorized Approval

We, the organization named on page 1 (“Participant”), designate the individual indicated in Section 3.1 as an End User Authorization Contact (EUAC) for our organization (unless they are being deleted in Section 3). We understand that Participant must designate at least two EUACs. The EUAC is responsible for identification, authentication and notification processes between Participant and the Reserve Banks related to the Coin Terminal service or Custodial Inventory service. This includes advising the Reserve Bank of Subscribers who will be issued a credential (FedLine security token) allowing them to transact business over FedLine Web, and specifying the services Subscribers may access. We agree that our organization will be considered to be an “Institution” under and subject to the terms and conditions of the Reserve Banks’ Operating Circular No. 5 (“OC 5”), and the Certification Practice Statement (“CPS”), and our EUACs and Subscribers will comply with all specified terms and conditions of OC 5 and the CPS, as well as all applicable security procedures, as they are all amended from time to time. [OC 5](#) and the [CPS](#) are both located on FRBservices.org. The Reserve Banks may rely on and act upon instructions or other information related to the Coin Terminal service or Custodial Inventory service that the Reserve Banks receive from (or reasonably believe that they have received from) the EUAC or Subscribers designated by the EUAC, until the Reserve Banks receive (and have had a reasonable time to act upon) a written amendment or revocation of this authorization.

The person signing this form must have signatory authority for the organization and must be listed on the Official Authorization List (OAL), and the signature must match the signature as it appears on the OAL. The person signing this form cannot be the same person as the EUAC.
